

# A golfer's paradise

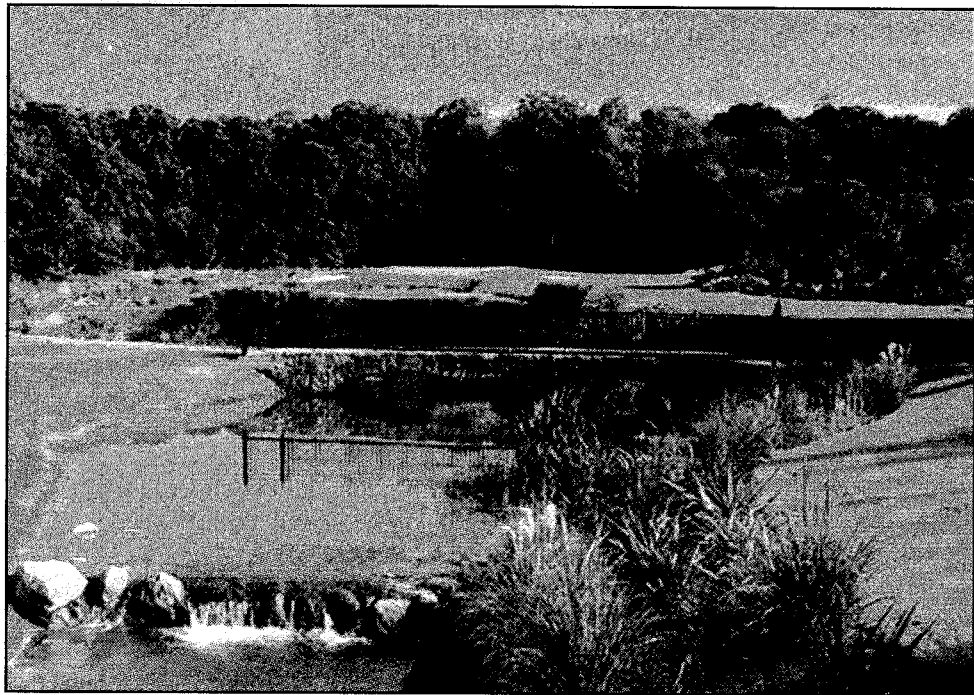

CITYWEST offers a unique range of golfing opportunities right on our doorstep, with the spectacular Christy O'Connor Jnr designed Citywest Championship and Lakes courses situated on the hotel grounds.

The Championship course is a first class test of golf in a wonderful parkland setting, with a combination of perfectly manicured fairways, superb putting surfaces and beautiful mature trees. The Lakes course, on the other hand, offers a completely different golfing experience with its magnificent water features and impressive bunkers.

Guests can also travel a short distance to the new Citywest 'sister' PGA National course at nearby Palmerstown House. The immaculate Christy O'Connor course is the PGA official headquarters in Ireland.

Situated in the natural and beautiful surroundings of the 800 acre Palmerstown House and former Stud Farm, the holes are set amidst thousands of mature trees which boast a variety of colour throughout all four seasons.

The Citywest Hotel is the ideal location to mix business with pleasure. The Terrace, Carvery, Grill Room and the Asian style Lemongrass restaurants provide guests with a superb range of top quality dining experiences. The hotel also offers guests a choice of four lively bars – the Pavillion, Swift, Hibernian and Alexandra Bars.
